PUBLIC COMMENT

Dale Dutcher brought up several topics of concern to him starting with the amount of snow in the streets that blocked sight after the last big storm. Mr. Carlson explained that the streets are not maintained only by the Town but also by the County and that the County does it as a courtesy. The store owners are responsible for their store frontage. The second concern was in regards to the old Roscoe Nursing Home building being in great disrepair especially the back side that is not seen from road view. He also brought up the old abandoned well pipes and multiple transformer fins on site and expressed his concern about iron core and pcb's dumped by the wells. Mr. Dutcher showed photographs of what he was explaining to the board. He stated that there is concern of the effluent running into the river from the current Nursing Home and that would contain medical waste, not just sewer waste effluent.

ADJOURNMENT

On a motion of Mr. Devantier seconded by Ms. Ryder and carried, the meeting was adjourned at 8:04 P.M.

Respectfully submitted,

Caroline Devoe, Deputy Town Clerk
