Dear Livingston Manor and Roscoe-Rockland Water District Customers,

The Town of Rockland's Water Department has been diligently attempting to gather data on individual water service line material types. The collected data will be needed for reporting requirements in 2024 as the Department of Health and United States Environmental Protection Agency will require this inventory. If you have further inquiry regarding the need for the data, please visit the website below.

Please reach out to the Water Department and schedule an appointment at 845-439-4910 am or 845-439-5450 pm. A complete inventory may potentially keep district customer rates down. The appointment will take approximately 5 minutes, we appreciate your time and attention to this matter.

Sincerely,

Christopher Bury
Water and Sewer Superintendent
